EXTERIOR APPEARANCES MATTER:

As the appearance of our homes affects their value, complaints from neighbors about home appearances are on the rise. BCRA Declarations, Rules and Regulations are not just suggestions. Notices for serious violations have been sent out. Fines will be issued if problems persist. Please be conscientious and considerate. On the minor side, even brooms, rakes, toys and untidy hoses left out for days and visible to passersby are a detraction.

FOREST Bathing

NATURE HEALS. YOU BELONG HERE.

DATE:
**Friday,
August 14th**

TIME:
10:00am

MEETING LOCATION:

Meet at clubhouse and
we will carpool/drive to
Meacham Grove.

Forest bathing involves spending time in the woods to soak up its health benefits. Participants take a mindful, elevated nature walk, breathing deeply and connecting with nature at a pace that allows healing. It calms the mind by taking in nature with all five senses. Over 8 years, Japanese officials studied the physiological and psychological effects of forest bathing and uncovered positive effects on mood, immunity, blood pressure, memory, and sleep that could last up to a month following each "bath" in the woods. Moreover, forest bathing reawakens our love of nature and increases feelings of awe, wonder, and gratitude.

We will walk for one hour and then enjoy a closing ceremony with peppermint tea.

*In case of rain,
the event will be rescheduled.*

Because it's tick season, please dress appropriately. Wear light-colored clothing with long sleeves and pants, socks, closed-toed shoes, a hat and a scarf around your neck. We will be sticking to the middle parts of trails.
